FAQ's

Q. How much does each bedcover weigh and what are they filled with?

A. Each bedcover weighs approximately 4 to 5 kilos or 9 to 10lbs! We certainly do not shy away from filling our bedcovers, we use non-allergenic man made fibres to achieve the finest results.

Q. What materials do you use to make the bedcovers?

A. Our bedcovers are made from the following materials:

- 100% Hand Painted cotton front
- 100% Non Allergenic filling
- 100% Combed cotton backing
- 100% Silk edging

Q. How can I clean my bedcover if it is hand painted?

A. As this is our most asked question from customers, we felt the need to spend a great deal of time and effort to find the right solution. After lengthy testing and various other processes we advise that all of our bedcovers are dry clean only.

Q. Do I get any guarantees after I purchase my bedcover from Fabricasian?

A. If for any reason you are not 100% satisfied with your purchase from our design range we offer all of our customers a 14-day money back guarantee.

Delivery times and Charges

All of our prices include delivery to your home anywhere in the world. We try to deliver your hand painted bedcover within a 6 – 10 week period from the day of your order. This only applies to bedcovers purchased from our current range. We begin production of your bedcover upon receipt of your order, we do not hold any bedcovers in stock. For customers who require an express delivery service of 4 – 6 weeks, there will be an extra charge of £100. Please note that commissioned bedcover designs vary greatly in delivery times. These will be discussed when ordering.
